National Endowment for the Arts - Art Works

Grant Summary

"Art Works" refers to three things: the works of art themselves, the ways art works on audiences, and the fact that art is work for the artists and arts professionals who make up the field. Organizations that undertake a single short-term project in a year -- a ten-day jazz festival, for example -- could apply for that event, or they could identify certain components (such as the presentation of a key artist and the associated activities) as their project. Describe the activities for which our support is requested, and provide specific information on the artists, productions, venues, distribution plans, etc., that will be involved.
- Organizations may apply for any or all phases of a project, from its planning through its implementation.
