

Share Ideas for Wetlands Access along Heritage Trail on July 29

The Dubuque County Conservation Board has the opportunity to acquire additional wetlands along the Heritage Trail near the former Flexsteel Industries site at 3400 Jackson Street in the city of Dubuque. Public input is needed to help plan for better access to observe wildlife and learn about the importance of wetland habitat on the Heritage Trail. Everyone is invited to share their ideas on Thursday, July 29, 2021 at 6:00 PM in the United Auto Workers (UAW) Hall, 3450 Central Avenue, Dubuque, Iowa.

Can't make the meeting? Share your ideas on the Dubuque County Conservation Facebook page, or contact Brian Preston, Executive Director, at 563-556-6745 or Brian.Preston@dubuquecounty.us.
